

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks could be specifically labeled to be utilized in hazardous places. A marked truck indicates the design has met the minimum standards of ANSI/UL 558 used for engine powered forklifts or ANSI/UL 583 intended for electric forklifts for the type of label attached.

Applications for marked forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Consult your local insurance provider and Fire Marshall for additional info on the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to satisfy the outlined criteria, the following labels can be placed. A labeled truck would have the model designation located on the lift truck nameplate and would have one of the following labels placed.
