

Concrete Hoppers

Concrete Hopper - The self-dumping hopper attachment can automatically activate to both unload and release whenever the bumper release touches the side of a dumpster. After unloading is finished, the hopper is able to return to original locked and upright position. This piece of equipment is even presented along with a cable that enables operation from the seat of the lift truck in order to have the choice of manually dumping the hopper. There is a locking chain provided to secure the hopper to the tine truck. This product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish to be able to maintain durability.
